Art requirements: Artwork should be provided as electronic art via email, cd or jump drive. To receive a detailed file format sheet, please contact your customer service representative. Art received incorrectly could cause delays or may accrue art charges assessed by the factory.

Art charges: Min 45.00(T) and up may apply to develop or re-work inadequate art. Factory will evaluate art upon submission. Customer supplied sketches showing shape, placement of items, angles of embedment, colored bottoms/backgrounds/centers, double casts as well as other details required for your embedment are strongly advised.

Art on file: Artwork is kept on file for six months unless prior arrangements are made.

Changes of Copy within Order: Due to spoilage factors, when changes of copy occur within an order, combined quantity pricing is not possible and costs are incurred for the quantity within each copy change.

Credit Policy:

First order: Please provide 3-5 credit references and one bank reference including email addresses and fax numbers.

Terms: Net 15 days from invoice date.

Past due policy: Accounts with balances overdue 30 days will be shipped COD plus overdue balances.

Confirmation of Approvals and Changes: all approvals, orders and/or changes on orders must be confirmed in writing immediately. Factory cannot assume responsibility for verbal confirmation only.

Co-op Programs: Due to the costs of set-up and acrylic production, combined quantity pricing of cooperative programs is not possible.

Copyright Material: All artwork and designs for reproduction are accepted only on the strict understanding that the customer has the legal right to use the material and will indemnify against any action arising out of alleged copyright infringement.

Customer Supplied Items:

Additional items: At least 5% additional items should be supplied on custom embedments.

Embedment risk: We cannot guarantee the results of items furnished for embedment. The embedding process can substantially alter the substance or product to be embedded or acrylic around it. While we attempt to identify and advise on embedment risk, we cannot guarantee results and will embed customer supplied items only at the customer's risk and expense. Check with factory before having items made for embedment.

Liability: Every reasonable effort is made to advise of embedment risk, but all customer supplied items are embedded only at customer risk and expense. In some cases, written confirmation of risk assumption may be required.

Valuable Items: Reasonable care is taken in handling these items but no liability can be borne by factory for loss of alteration of items.

Quotes: Factory quotes are valid for 90 days.

Repeat Orders: Reference previous Century order number(s), invoice number, your PO number and date of original order. When available, extra printed material is kept on file for 60 days. Reorders will require new setups after 60 days unless prior arrangements are made.

Returns: Factory must be notified of defective merchandise within 30 days of shipment. No merchandise can be returned without prior written permission by the factory.

Rush Charges: May be incurred in extenuating circumstances. These charges will be quoted on a case-by-case basis.

Samples:

Random: Supplied on request from available stock. Customer pays freight only. Unusual samples, may require nominal costs advised upon request.

Over-runs and rejects: Available only at the time order is shipped. Requested "over-runs" billed at order unit cost. Seconds, when available, billed for freight only.
